## Village of Downing Residents

**Information to the Village of Downing :** Dunn County Highway Department will be in the village sometime next week trimming trees. The county is having problems playing with their new equipment due to tree branches hanging over roads. So trimming trees will make it so Dunn County can do their jobs...**PLEASE** be patient and thankful with the county. If you have any questions or concerns you can contact me.

Thank You

**JENNIFER LAGERSTROM, Downing Village Clerk**
